

12th International Meeting for Phytolith Research

Abstract form

Application for: oral presentation poster

Contribution for session number:

- Session 1: *Phytoliths morphology, nomenclature, taxonomy and morphometry*
- Session 2: *Phytoliths as a proxy for palaeoenvironmental reconstruction*
- Session 3: *Phytoliths in integrated archaeobotanical and ethnoarchaeological studies*
- Session 4: *Phytoliths in geoarchaeology and soil micromorphology*
- Session 5: *Phytoliths formation, quantification and role in modern plants*
- Session 6: *Phytoliths and the biogeochemical cycles of silicon and carbon*
- Interested in the microscopy session: *Phytoliths in soil thin sections*

There is a limited number of travel grants (see "Travel grants") reserved for master students and PhD students, as well as for postdoctoral researchers from developing countries. Do you apply for a travel grant? yes no
